

COREY MCNUTT

Full-Stack Software Engineer

Cypress, TX | (713) 703-8337 | mcnutt0316@gmail.com | github.com/mcnutt0316 | corey-mcnutt.vercel.app

SUMMARY

Self-taught full-stack engineer building React Native, Next.js, and ASP.NET Core applications. Skilled in TypeScript, C#, and PostgreSQL with a track record of shipping production projects independently — including a 2nd-place hackathon win. Seeking a full-stack role on a team that values ownership and continuous learning.

TECHNICAL SKILLS

Frontend

React, Next.js, React Native, TypeScript, Tailwind, shadcn/ui, Zustand

Backend & Data

C#, ASP.NET Core, PostgreSQL, Neon, Supabase, Entity Framework Core, REST APIs

Tools & Platforms

Git, GitHub Actions, Vercel, Vercel Cron, Claude Code, MCP, Groq API

PROJECTS

carHaulMobile — React Native, TypeScript, ASP.NET Core, PostgreSQL

- Built original prototype for a 9-position auto-hauler load planner enforcing DOT compliance; placed 2nd at company hackathon and now in pilot rollout with active drivers.
- Designed full-stack architecture: React Native client, C# ASP.NET Core REST API, and PostgreSQL data layer with Entity Framework Core.

height-table — Next.js, TypeScript, NextAuth, Neon, Vercel

- Solo full-stack web app for generating valid car-stacking configurations; deployed on Vercel with NextAuth and Neon Postgres.
- Built a scheduled Vercel cron job with bearer-token-authenticated API route to sync vehicle data automatically.

Stoic Quote Generator — Next.js, TypeScript, Groq API

- Web app that pulls Stoic quotes and uses the Groq LLM API to generate plain-English explanations and translations with streaming responses.

Local Barber Landing Page — HTML, CSS, JavaScript

- First production project: static marketing site deployed and used by a local small business.

EXPERIENCE

Professional Truck Driver / Car Hauler

May 2021 – Present

- Operate a Cottrell CX-09LS 9-car auto hauler — managing weight distribution, axle compliance, and multi-state route logistics.
- Built and shipped multiple software projects in parallel with full-time driving, demonstrating discipline and self-directed learning.

EDUCATION

Bachelor of Science, Kinesiology — Sam Houston State University
